This week brings to an end the school life of our Year 12 students. We farewell them and wish them well as they take the next step in their life journey. It is with mixed emotions that we say goodbye to this group of students, we are sad that we will no longer see their smiling faces every day yet we are excited knowing that they are well prepared and ready for the next phase of their lives. We know that as they continue on their life adventure they will be met with many challenges but more importantly we know that they will take those challenges on and achieve great things. Good Luck Clare, Courtney, Sheree and Ethan…If you can imagine it, you can achieve it. If you can dream it you can become it....

“The time is always right to do what is right.” - Martin Luther King, Jr.

“Choose a job you love, and you will never have to work a day in your life.” - Confucious

“Don’t let what you can’t do stop you from doing what you can do.” - John Wooden

“Fall seven times, stand up eight.” - Japanese Proverb
Year 9/10 Work Experience

During Week 9, that is 7th September through to the 11th September 2015, both Year 9 and 10 went on a week’s work experience. Below are some thoughts on their week.

I went to work at Hutcheon and Pearce, Wagga Wagga for work experience. I took part in all different jobs, involved in heavy diesel mechanics. We were servicing utes, going out to do on farm jobs, servicing ride on mowers and preparing machinery for the Henty Field Days. I really enjoyed the week and learnt a lot.

Corey Minchin

I went to Lancaster Building, where I was able to participate in framing a house and tiling a veranda during this time. I thoroughly enjoyed myself and I would like to do it in the future.

Jayden Carne

For work experience I went to the Rules Club at Wagga Wagga. I really enjoyed the people and the environment. Not only did I help prepare food for over 200 people, I cooked some desserts for the buffet. I also made food for some other functions in and around Wagga. We had an early start and that was hard to get used to. But the upside of that was we got to go to McDonalds twice a day, (breakfast and a large afternoon snack). Working at the Rules Club changed my mind to what I think I might do for a career after school.

Rhyana Pethers

On work experience I went to the Ardlethan Pre-school on Tuesday and Thursday. On Monday, Wednesday and Friday, I helped K/1/2 class at school. At the Pre-School, I just hung around and played with all the kids. At the Primary School in Ardlethan, we taught them a few things, and we played soccer...

Kailey Nau

I went to Work Experience at the Belinda Beauty Shoppe in Narrandera. Part of my tasks were to set up all the stuff for the buffet. I also made food for some other functions in and around Wagga. I made sure everything was nice and clean. I also washed up and helped the girls with anything they wanted. I was able to use the model to experiment with hair styles. I learnt how to do a fish braid and some other types of braids. I had my lunch break at 12:00pm to 1:00pm and I went to Subway.

Sarah Hudson

On week of work experience I went to my parents farm ‘Delco’. I assisted my Dad and brother with a number of jobs. The week mainly consisted of sheep work. We tagged lambs for selling, marked lambs, did some sheep shearing, moved and fed sheep and sprayed lambs for flies. I enjoyed my week of work experience and learnt a lot.

Jeremy Lucas

I travelled to Richmond, NSW to work in the ‘Right Bite Café’. I started work at 9.00am and finished at 4.00pm. During my week I learned how to do table service, make sandwiches, toasted sandwiches and melts. I also learnt some new knife skills and I learnt how to make coffee. I am looking at pursuing this as a job.

Heather Barnard

I went to the Forum 6 Cinema at Wagga Wagga. I got the chance to gain experience in customer service, learnt how to make popcorn and make ‘Choc Tops’, I assisted the other workers cater for the silver screening and made lots of sandwiches. I also got to watch two movies. I really enjoyed my time there and the people I was working with. I would love to do it again.

Jessie Forrester

For work experience I went to an Architect’s Office ‘ICONO’ in Wagga Wagga. I got to go out on work sites and see all the buildings and houses they had designed. I got to design one of my own houses on their computer. I also went to go to Kapooka and measure up some sheds. I really enjoyed being at ‘ICONO’. It was very interesting.

Sarah Carnie

On Sunday the 6th September, Dad and I travelled to Sydney for my work experience, with a Builder. We had to get up at 5.30am, every morning to beat peak hour traffic. When we got there after a 1 hour car trip, the Builder showed me around the house and I met his apprentice. As the week went on Monday and Tuesday went really slowly but the rest of the week went quickly. Some of the things I did was hang doors, sweep floors, cut things on the drop saw and sand skirting boards. All up it was a great experience doing building and also was a great experience driving around Sydney.

Lachie Jones

During the week I went to work experience in Narrandera at N&T Automotive. I learnt heaps of stuff, like replacing brake pads, CV shafts and other stuff. I would like to work as a mechanic.

Ethan

I went and worked at ‘McPhersons Building’, Wagga Wagga. I enjoyed it thoroughly and I learnt a decent amount of the building skills needed to be a carpenter. I do think I will pursue this industry as a career.

Sophie Litchfield

I would like to thank the parents and teachers who assisted in transporting some of the students to Wagga Wagga and back each day. Also I would like to congratulate the students on their participation and conduct at Work Experience. On speaking to the employers it became apparent that our students had conducted themselves professionally and impressed their employers with their willingness to immerse themselves in the workplace.

Helen Bray
Work Education Teacher.
YEAR 12

On behalf of our Year 12 students, as part of their “muck up day” they have chosen to raise money for breast cancer. They have asked if anyone is interested in making further donations to the cause please visit their online fundraiser at:

“Take Charge”

Friday 4th September a few from ACS had the opportunity to go to “Take Charge” leadership day at the CSU.

What a FANTASTIC day hearing from Aiden the founder of Swish Start, James Norton and Dylan Parker who were the inspiration for the movie “Paper Planes”

A speaker from “School for Social Entrepreneurs” www.sse.org.au encouraged us to “Think Outside The Box”

One way to do this is; * Have an idea, then expand on it, and expand on it again... and again... and again...
And as you do... do not use the words BUT and NO.

A few things we were told:
“IT’s a dream until you write it down, then it becomes a goal”
“Amazing things happen when you ask for help”
“Make a decision and go with the challenges that it brings”
“If you never ask the answer will always No”
“Nothing happens without a decision”

James and Dylan told us while teaching us the tricks of making paper planes we all have boundaries, and some are scared to cross those boundaries for the fear of making a mistake...
“don’t let the folds be your boundaries because it could be just that one fold that makes brilliance”

One last thought:
There is no idea that is stupid remember there is a millionaire walking around out there who invented the ‘Pool Noodle’

PSSA Riverina Athletics Carnival

My apologies for not publishing in the previous Kelpies Bark Newsletter Jo Bray’s 100m result from the PSSA Riverina Athletics Carnival. Jo finished 19th in the 9 Years 100m event in a time of 18.24 seconds. Thankyou Caroline Stewart

Mullins Centre AGM
Tuesday 13 October
at 4.00 pm at the Mullins Centre
We are looking for some fresh faces and new ideas, so if you are interested in working with us and the Advance Ardlethan Committee please come along.
The Mullins Centre Committee is responsible for the management of the centre including our much loved and needed preschool. Starting Small - Early Childhood Centres create a ‘sense of community’ giving children an identity and binds people together.
For the future of The Mullins Centre, we would like to continue to provide this valuable service to Ardlethan, but also create opportunities to engage our whole community.
