Broc and David Qualify for PSSA State Athletics Carnival

Congratulations to Broc Carnie (high jump) and David White (shot put) who both qualified for the prestigious PSSA Athletics Carnival to be held in Term 4. Broc won the Junior Boys High Jump, jumping an impressive 1.36m, 2cm higher than his actual height of 1.34cm! David’s throw of 10.04m in the 11 Years Boys Shot Put successfully placed him third in this event. Read the full report on Page 3.

Partners in Learning

Great Schools are built by great communities where all parts of the community take an active role in the education of children. We at Ardlethan Central School are committed to making our school and our students the best they can be. One way in which we can strive to continue to improve our school is through communication and feedback from parents.

Our school will be participating in the Partners in Learning parent survey on student engagement. The survey asks parents and carers questions about different factors that are known to impact on student wellbeing and engagement.

Feedback from this survey will help us further understand parents’ and carers’ perspectives on their child’s experience at school. These include: communication between parents/carers and staff, activities and practices at home and parent/carer views on the school’s support of learning and behaviour. This valuable feedback will then help our school make practical improvements to ensure we are continuing to build on our already great school.

The survey is conducted entirely online at home or on public computers. The survey will typically take 15 minutes or less to complete and is completely confidential. The parent survey will be conducted between 17th August and 18th September. Participating in the survey is entirely voluntary, however, your responses are very much appreciated and to gain effective data we would like to have over 75% of families complete the survey. Please help us reach this target. Parents and carer’s can access the survey at https://nsw.tellthemfromme.com/j_acegi_security_check?j_username=parent17721&j_password=Ard1051

On the 31st August our Primary Athletics teams travelled to Albury for the annual Riverina Athletics Carnivals. Our students recorded impressive times/distances/heights in their respective track and field events with two students qualifying for the State PSSA Athletics Carnival. Congratulations to Broc Carnie (high jump) and David White (shot put) who qualified for this prestigious carnival. Broc won the Junior Boys event, jumping an impressive 1.36m, 2cm higher than his actual height of 1.34cm! David’s throw of 10.04m successfully placed him third in the 11 Years Shot Put. Mae Lucas is also to be commended for qualifying as reserve in the Junior Girls Shot Put.

Thank you to our wonderful parents who assisted with the transport and photography and to Mrs Kerrilee Logan for assisting with the management of the Coolamon-Ardlethan team. We wish Broc and David all the best at the State PSSA Athletics Carnival in Sydney next term (week 2, 14th-15th October).

Riverina PSSA Athletics Action
Ardlethan Central School

NSW PSSA Rugby State Championships.

During Week 6 from August 17th to August 20th, David White was part of the Riverina PSSA team which travelled to Narrabeen to take part in the annual PSSA State Rugby Championship. Thirteen teams from across the state including Combined Independent Schools (CIS), Sydney West, South Coast, Sydney North, Hunter, North Coast, Sydney South West, Sydney East, North West, Mackilip, Polding and Western.

Each year the draw for the first day of the carnival is based upon the previous year’s standings, as such, Riverina was placed in Pool C and was required to play three games on the first day. As with any representative teams, it takes a while for all participants to gel and come together as a singular team. The Riverina boys fought well and unfortunately went down in all games on the first day to Hunter 52-0 (Hunter went on to win the Convener’s Shield), Sydney East 35-0 and to Sydney North 57-0 finishing up as 4th in Pool C.

The second day saw a greater improvement following the boys being able to bond both during the first day’s play and over a team dinner the previous night. In their first game of the day against North West the Riverina Team took to the field through a tunnel formed by fans (parents and family members) to put up a tremendous fight. A number of quick tries in the first half saw Riverina take to a 12-0 lead going into the second half. A gallant North West fought back to end the game 12 all, but with the first try going to Riverina it meant a win on board. The second game of the day saw a rallied Western come out and through a number of fairly big and impressive forwards and quick running backs won 43-10.

The final day of play saw the very tired, sore and emotional Riverina team take on Hunter again and go down 38-0 in what ended up being an extremely physical game. After some inspiring words from the two coaches Nathan Honeyman and Ben Carter the battered and bruised Riverina team took to the field to take on South Coast and won the game 24-5.

The Riverina team finished the carnival with two wins which is a first in at least five years and finished the carnival in 12th place. Providing an improved platform for next year’s carnival.

Throughout the carnival David displayed grit, determination and the willingness to do whatever both coaches asked of him. His straight hard running and commitment to the ruck through the use of his power, speed and size was an asset to the team. David is to be congratulated for his sportsmanship and dedication that he displayed while representing both Ardlethan Central School and the Riverina.

Year 3-6 develop Green thumbs!

This Monday the students from Year 3-6 who did not attend the Riverina Athletics Carnival spent the afternoon gardening to beautify the areas around the 4/5/6 classroom that were previously full of weeds and rubbish. The area is now full of beautiful plants, bulbs and succulents, mostly derived from clippings. Thanks to Mrs Renee Doyle, Mrs Katrina Morris and Mrs Suzanne Lucas for providing the clippings – it was very much appreciated and our garden is looking very impressive!

It was a beautiful day to be outdoors and there are definitely some ‘budding’ landscape gardeners amongst our students. Below are some photos of the students in action.
My Place by Nadia Wheatley & Donna Rawlins

Year 4/5/6 have been studying the text "My Place" over the past 10 weeks. My Place traces the history of one small part of Australia and the people who have lived there, from the Dreaming until the present day. As time folds rhythmically backwards, children describe their homes, their families, their pets, and their special celebrations. The constant sources of renewal in the landscape are the big tree and the creek (or canal). As a part of this unit the students were required to use the same format as the text to write and illustrate their own 2015 “My Place” masterpiece. Selections of the finished projects are shown below.

My name’s Emma and this is my place. I am eleven. I was born in Wagga Wagga in 2004. I live on a farm called ‘Bicka Vera’ with my Mum, Dad and my big brother Harry. My father works on the farm every day, Mum helps Dad when he needs her. On the weekends Harry helps Dad too. Harry’s not always home because he is at boarding school at Walls Wolla. Mum goes to Wagga every week on Friday afternoon to pick him up and Dad has to go to Wagga on Monday morning. Harry on the bus. On the farm we grow crops like lima, barley and oats. We also have lots of sheep.

This is a map of my place. The shearing shed is near the big tree. Our house is about one hundred metres from the shearing shed. The big tree is lots of fun to climb. When I’m at the top I pretend I’m on a cloud. In the garden we have lots of rock walls and lots of palms. We also have a little secret garden and a school house.

This is one and Lexy. She is a goat. I milk her every day in a little pen that has ‘Lexy’ on the gate. I get a bucket of milk from her every day. There is lots of seaweed in her paddock.

This is me and my dog Franklin. I have two other dogs and I love them so much too. But I really like Franklin. He is a sheep dog, so I don’t see him every day, but when I do and he and I try and spend as long as I can with him. He is black and has a blonde belli and ears.

Right next to our house, we have a big dam that we go fishing in, in the summer. Sometimes we eat the fish, but only really when our cousins come out. For Christmas I might be getting a canoe, so I can go fishing in the summer with my friends.
2015

My name’s is Jack, and this is my place. I’m eleven. I was born in Wagga Wagga, but I currently live on a farm ten kilometres out of Ardlethan. My dad is obviously a farmer and grows our crops. We own 6,000 hectares of land. My mum works around the house. Mum and dad have to drive us around for sport and other things. My sister is in boarding school in Sydney. She is really good at netball. And that just leaves my typical older brother. He annoys me but he still is a great brother. We play together a lot now since Emily left. He loves rugby union and is really good at it. I really like the guitar, I’ve played it since I was five. I live with Andrew (dad), Kate (mum) and Charlie (brother).

Last Christmas our cousins and relatives on Mum’s side came over. It was funny seeing all the city people finally came to the farm. We had to cater for about twenty people in our house. It was very fun.

This is a map of my place. Last year we got our chooks so we get free eggs! It’s really fun here because sometimes we spot aeroplanes, but at night if we’re lucky we see satellites. I have lived all my life. Our house is about one hundred years old! The big tree is really important to me. Sometimes I climb up and paint it. I’ve crossed the universe. Maybe I can travel back in time and see some peace and quiet.

We have two dogs. One is a German Shepherd and the other one is a Kelpie. Their names are Bosco and Barney. They are very playful. They run together and get themselves lost. We have thirteen chooks but I don’t suppose you can call them pets. We had sixteen, but three died from eating rat poison. We get about a dozen of eggs a day.
PSSA TENNIS

On Monday 17 August our PSSA tennis team consisting of Jake Bourchier, Norm Haeusler, Jane Haeusler and Paige Kenny competed in the State Finals of the PSSA Tennis knockout at Sydney Olympic Park. We travelled to Sydney on Sunday as a team on a mini bus, ready for an early 8am start on Monday. The students enjoyed a swim at the Olympic Aquatic Centre and a delicious meal at Ribs and Rump on Sunday evening before retiring for a good night rest!

Our first round was against Merimbula Public School (South Coast). The standard was very high and after 6 sets, despite being very competitive we were defeated 6-0. Some of the students were interviewed by ABC Riverina Radio on arrival at the competition talking about their achievement and success to make the state final. I hope some of Barellan community were fortunate enough to hear the interview.

The next round was the consolation final against Artarmon Public School. We were much more competitive in this round, winning 2 sets and with some very close scores in the other 4 sets.

The students were presented with their certificates on centre court and got to walk the famous corridor displaying tennis greats throughout history from all around the world, Evonne being one of the first we came across. The students are pictured below with Evonne in the background. Barellan also received a special mention from the PSSA tennis co-ordinator promoting our place in tennis history and the significance of Evonne and big tennis racquet.

The students had a great time and displayed excellent sportsmanship which was noted and praised by the teachers from other schools. Fourth in the state for such a small school, where access to regular coaching and competition opportunities are limited, and against students who are playing tennis most days each week as their sole sport, is an amazing achievement!

I feel privileged to be a part of such a wonderful group of children and parents and totally enjoyed my experience of taking these students through to the state final. I congratulate each of them on their competitive spirit, determination and sportsmanship – you are great ambassadors for your school and town and should be very proud of your achievements. Thanks for letting me share in your experience and I wish you luck in your future tennis aspirations and sporting achievements.

Thank you to Kathy Bourchier, Tina Haeusler and Julie & Mark Kenny for their help and support throughout the two days and to Mark for driving the bus.

LUNCH BOX CONCERNS

After monitoring student eating habits at school, it has been notable that many students (especially in Primary) have been coming to school with either NO LUNCH or very unhealthy, non-nutritious lunches, often with items such as packets of chips, cakes and biscuits being the only content in their lunchbox. School life is very active and nutritious food is a vital part of a child’s ability to concentrate and learn. Breakfast Club is one step towards ensuring children don’t start the day on an empty stomach and the morning fitness routine is also providing our students with a healthy start to the day, but much more needs to be done to ensure children are eating healthily throughout the whole day. Enclosed in the newsletter are some snippets with easy nutritious lunchbox ideas.

Below are some facts regarding children and nutrition supplied by Foodbank Australia.

- On a typical day around three students in every class will arrive at school hungry or without having eaten breakfast.
- Teachers estimate that the average student loses more than 2 hours a day of learning time when they come to school hungry.
- On the basis of arriving at school hungry once a week, that student would lose in excess of a whole term of learning time over the course of a year.

“Hungry children have difficulty all day with all activities - learning, social interactions and physical demands. It’s a wasted day every time and another burden on a child already struggling.”

“The overwhelming majority of teachers (82%) report that their workload increases when they have hungry students in the classroom. This is because students that are hungry are more likely to find it difficult to concentrate (73%), can be lethargic (66%), have learning difficulties (54%) and exhibit behavioural problems (52%).”

“It’s not just the students’ academic performance that suffers from being hungry. One in four teachers (26%) say these students are also more likely to experience poor health and be sick more often than other students”.

“Children are not getting the nutrition they need to assist them with their learning. This causes them to fall further and further behind as they get older. This lack of academic progress often leads to early drop-outs which, in turn creates the cycle all over again with them having children and not being aware of what to do.”

Please help our children’s minds to stay active and healthy by teaching them healthy eating habits from a young age.

Attention: Students, Parents and Community Members

We need your help to save our environment.

We, the Year 5 Environmental leadership challenge team, want to improve our community by helping the environment.

We are collecting used aluminium cans to recycle, and with the money raised we are going to build a worm farm and purchase tree for the oval.

We want to reduce our waste and improve the community. The trees will help with shade and also reduce CO2 emissions.

*Fact: 1 person needs 34 trees to have enough oxygen to live!!*

Please bring your empty cans to the school and save our environment

Mullins Centre AGM
Tuesday 13 October
at 4.00 pm at the Mullins Centre
We are looking for some fresh faces and new ideas, so if you are interested in working with us and the Advance Ardlethan Committee please come along.

The Mullins Centre Committee is responsible for the management of the centre including our much loved and needed preschool. Starting Small - Early Childhood Centres create a 'sense of community' giving children an identity and binds people together.

For future of The Mullins Centre, we would like to continue to provide this valuable service to Ardlethan, but also create opportunities to engage our whole community.
